

a real living *iscd* solution

INDUSTRY INSIDER

Studying at **iscd** led Adam Scougall to a career in design. Read on for his story, plus how you can do it, too

Interior designer, Adam Scougall, and a recent coastal-inspired project in Turramurra, NSW

Q&A TIME

What did you want to be when you were a kid?
An actor or singer!

Were you creative as a child? Very. I was always drawing and painting.

What sparked your interest in design? I loved playing around with furniture in my own home. After a real estate agent commented that I should "do this as a career" I called iscd.

What courses did you do? I did the Foundation Course (Certificate IV in Design) followed by a Diploma in Interior Styling.

And how have they helped your career? After completing the courses I had the confidence and skills to start my own design business, As You See It! Interior Solutions.

Sum up your style Earthy, comfortable, modern.

Where do you see yourself in five years? I want As You See It! to be a successful, established interior design and decoration destination with international work aplenty. Oh, and still licensing our own product.

No matter where you live you can enjoy iscd's courses. From Pymble to Perth, you can experience iscd's innovative Distance Learning courses or attend classes in the bustling hub of North Sydney. Sign up now to be the creative person you always wanted to be.
